

Comparative Degree of Adjectives

The comparative degree shows a higher degree of the quality and is used when two objects of the same kind or class are compared.

Example: old – older (comparative degree)

deep - deeper (comparative degree)

Q. Rewrite the following sentences by converting the adjectives into their comparative degrees.

a. The deserted streets suddenly became lively.

b. The deep well is famous for its cold and refreshing water.

c. The cafes are busy during the day.

d. North east Africa has long rivers.

e. The northern lights have a great appearance in Norway.
